Sr. Louis .- The attention of our readers is called to the card of Messrs. BERTHOLD, BERNOUDY & Co., of St. Louis. There is probably no house in the West with greater facilities and means at hand, or one doing a more extensive business than this house. A long residence of one of the partners in New Orleans, and a much longer residence of the others in St Louis, has made them perfectly familiar with the trade in all departments. Being well acquainted with this house, we most cordially recommend them to our friends in Tennessee as being worthy of their attention in the transaction of any business confided to them.

More RAIN .- There was another heavy tall of rain yesterday just before day.

The firemen's Association.

The annual meeting of this Association took place last Tuesday night. The meeting, we learn, adopted requesting our citizens to discontinue the improper practice of distributing spirituous liquors to firemen whilst engaged in the discharge of their duties; and looking to the prohibition of the practice of returning from fires at full speed. The following presmble and resolutions were also adopted:

WHEREAS. The Fire Department of the City of Nashville being composed entirely of men who volunteer their services, and who hold themselves always ready and willing, no matter at what hour, even while engaged in their daily vocations, (for they are all working men who have to depend entirely upon their labor for subsistance,) to fly with their lives in their hands for the protection of the lives and property of their fellow-citizens and this without the hope or expectation of "fee or reward;" and wher as, the Department have formed an Association for the mutual benefit of all concerned, to guide and direct the internal affairs of the whole, by taking care of those who may in the discharge of their active duties as firemen, become injured or disabled in any way, and for all other purposes; and whereas, it is important to do these things, that the Fire Department may at all times be officient and serviceable to the city, (for no sane man will say a city of the size of Nashville can long exist without a well organized Fire Department,) now, To Architects, Bankers, Contractors and for the purpose of keeping up and maintaining ourselves properly, it is necessary that we should have such means at our disposal to meet at least the calls of distress, but this we are mortified to say, is not the case, our benevolent fund is exhansted, we have Jail Cells and Doors, men suffering from injuries received; our apparatus, in some case, worn out and useles, and we, to supply these defects, have had to resort to mortifying means of asking aims from door to door, to relieve our wants and pressing n-cessities. Now, when our fellow-citizens look at this tratiful state of things, will they not say that it is too bad for men to work for nothing and beg for money to buy the tools to perform the work. We have had our feelings too often wounded upon this point, and have come to the determination to do so no more. We believe that "the laborer is worthy of his hire" Now, therefore in view of these things, and many more which might be set forth,

Be it Resolved by the Fire Association, That we consider the practice of begging or soliciting Individual donations as injurious to the Fire Department, and would request of the several companies that they enact a law for its immediate abolish-

Mr. W. W. Finn, President of the Association, JOHN C. SCHOOLEY & CO. presented a well-written and lucid report of the condition of the Fire Department. We learn from it that there are now organized and in accive service, five fire companies, with engines and hose carriages, and one hook and ladder company. The fire companies embrace an aggregate of 500 active members, with 4,900 feet of serviceable hose. The hook and ladder company is composed of 95 members. During the past year there have been 102 alarms of fire and 61 fires requiring the service of

We learn, also, from the report of President FINN that the Association is out of money Something must be done to create a permanent fund, and that at an early day.

Mr. Finn concludes his report by declining a re-

At the meeting of the City Council, yesterd y, the annual settlement with the Treasurer was reported by Alderman Fogg, Chairman of the Finance Committee. It was perfectly satisfactory, showing that the Collector has discharged his duty most faithfully and to the great advantage of the city. The election of Collector for the ensuing year was subse quently taken up, and Mr. A. Nelson elected without opposition, a complement richly merited.

Judge Petitt, of Indiana, made a decision last week, in an important case on a bill of exchange, at Lafayette, which, if sustained as law, will lave a material effect on the exchange business of our banks and bankers. The case was founded upon a bill of exchange drawn and accepted by parties in Toledo, and discounted by bankers in Lafayette, for the accommodation of the holder, at a considerable shave, the holder's endorsement being required to the bill as a condition of its being taken. The bill was not paid at maturity; the bankers came back on the endorser for payment, who act up the plea of usury in defence. The Judge charged that the fact that the plaintiff required the independent of the holder of the bill—now the decrement of the latter of the dorsement of the holder of the bill-now the defendant in the suit-made the transaction a loss of money to him, and not a sale of the bill, and conse- Star," and many others at the State Fair he'd at New Haven quently osurious if more than six per cent. was quently osurious if more than six per cent. was taken, and that they could not, in any event, find for the plaintiffs for a greater sum than the amount paid by them upon the bill, when they received it, and also that a verdict must be rendered against the plaintiff for costs. By city ordinance, the buildings now going up on the old Nashville Inu lot, are to be numbered , 2, 3, 4 and 5, the corner of the Square and Ma-r ket street being No. 1. They will be known as the Nashville Inn block. The order was made on the motion of Ald, Haile.

Sold.-The fine pair of matched horses belonging to G. W. Hanmer, which were on exhibition a few days since at the State Spring Fair, and took a silver cup premium, were sold yesterday to our clever friend from Waverly, Mr. J. J. WYLY, pro prietor of the Nashville and Memphis Stage Line, for the sum of \$1,000. No one loves fine horses better than Mr. W., and we presume there are few better judges of stock than he is.
